Five-Years-Out Alumni Survey Class of 2011 Majors Report

This survey was administered to the graduates of the class of 2011 beginning on May 1st. Alumni were first sent a web invitation followed by email reminders. They were then sent a paper survey in June. Of the 401 class of 2011 graduates, 136 completed the survey for a response rate of 33.9%. This is comparable to last year's response rate.

Additionally, please note that data presented in the major tables is by major, not by unique student. Therefore, the same student may be represented in multiple major groups if he or she graduated with more than one major or degree. Alumni who did not include their name are not included since their major could not be verified.
