One-Year-Out Alumni Survey Class of 2015 Majors Report

This survey was administered to the graduates of the class of 2015 beginning on May 1st. Alumni were first sent a web invitation followed by email reminders. They were then sent a paper survey in June. Of the 347 class of 2015 graduates, 165 completed the survey for a response rate of 47.6%. This response rate is up from 44% last year.

Additionally, please note that data presented in the major tables is by major, not by unique student. Therefore, the same student may be represented in multiple major groups if he or she graduated with more than one major or degree. Alumni who did not include their name are not included since their major could not be verified.
