Ten-Years-Out Alumni Survey Class of 2006 Majors Report

This survey was administered to the graduates of the class of 2006 beginning on May 1st. Alumni were first sent a web invitation followed by email reminders. They were then sent a paper survey in June. Of the 373 class of 2006 graduates, 148 completed the survey for a response rate of 39.7%. This is up over last year's response rate of 35%.

Additionally, please note that data presented in the major tables is by major, not by unique student. Therefore, the same student may be represented in multiple major groups if he or she graduated with more than one major or degree. Alumni who did not include their name are not included since their major could not be verified.
